ROUND 8 RECAP

Kylie Douglas
GSFLW FOOTY
COLUMNIST

Before we look backwards at the results of Round 8, take a moment to ask yourselves these questions:

- » **Are you aged between 12 – 16 and interested in being the next AFLW superstar?**
- » **Do you know any young women aged between 12 – 16 who would like to have a kick?**
- » **Are you interested in championing women's footy at a local level? Contributing to the future of this great sport in whatever capacity you can?**
- » **Have you played women's footy elsewhere and want to know more?**
- » **Would you like to play women's footy?**
- » **Do you have daughters/niece's/friends/ neighbours who you think would like to play girls/women's footy?**

If you have answered yes to any of the above then:

To become involved in the inaugural season of our Junior Girls comp, as either a player, coach, or volunteer please contact us via the below to register your interest:

Registrar SDJFA: registrar.sdjfa@gmail.com

A special invitation to all those playing in the GSFLW currently as a 16 year old or under, to ensure the future of our league – please join in with the juniors as mentors. There is no such thing as practice that won't contribute to honing your skills, and you are all so important to the success of younger girls wanting to play footy into the future!

Round 8 was a big one, some huge scores coming through the results as the stakes continue to be raised.

The double header at Railways was played in 31 degrees with no wind, and no one could argue the conditions were perfect for footy (I think the men's leagues are getting jealous). Royals took on home ground rivals Sharks in a match up that both teams always enjoy. Unfortunately for the Sharks, the Lions were on fire from the first bounce, and despite an early and definitive goal from Steph Grant in the first term, the rest of the game belonged to Royals as the goal kicking onslaught continued all game, the final score of 11.6.72 to 1.1.7 the biggest gap of the season so far.

Staying at Tigerland and the Tigers themselves also made a statement in their game against Mount Barker Bulls. Running in numbers and shutting down the forward 50 as has become their calling card, the Railways girls dominated with the footy over the whole ground. The Bulls maintained the pressure on the all through the middle of the ground for the whole ground, a credit to the resilience of the players, as the score opened up. Railways finished an 8th game undefeated, 7.9.51 to 0.2.2 in front of their home crowd.

Over at Mclean Park, Denmark played the first of 3 home games and welcomed North Albany in the nest as they continued a winning streak that certainly has the Magpie supporters up and about! North Albany were caught napping in the first quarter, with the fired up Maggies coming out hard and fast in front of their home crowd, entering the first term with 2 unanswered majors. The game remained in the Magpies favour as their midfield to stop the well-known run and carry style game of the Kanga's, kicking another major in the second term and meeting half time with the Kanga's only having kicked 2 points. North Albany never fail to bring out the big guns in the 'premiership quarter' however and a late run at the score board had the crowd up and about, the game finishing in Maggies favour 4.1.25 to 2.2.14 with the visitors heading home more than aware that Denmark Walpole is a force to be reckoned with. •

PlayerProfile

Hannah Mackay

Vice Captain

Age: 22

Club: Royals Lions

Position: Ruck

I think we have a few players that I'd be confident in to nail the shot, but I don't think you can past Gracie Gibson. She is so strong in our forward line and has a great kick on her.

How many years have you played?

This is my fourth year playing footy.

What other sports do you play?

I have played netball my whole life and have played a fair bit of basketball and some Gaelic footy.

Favourite team to play against and why?

I have enjoyed playing against Mnt Barker, they have some great tall players and it's great to have a go against them.

I should say Railways because they are definitely our fiercest competition, but I am always the most nervous leading into that game, so favourite might be a stretch. 😊

How has it felt locally being a part of such a huge step in women's sport?

I've LOVED being able to be a part of the rise of women's footy! I'm super proud of how far we have come in such a short time... My only wish is that it had have happened when I wasn't quite so old.

You're 5 points down, siren about to sound, and someone takes a mark inside 50 with a kick on goal to win the game – who do you pick?

It's an amazing time to be a woman in this sport, who are some of the role models either locally, or in AFLW, who you really look up to and why?

In the AFLW I think I am super impressed by Ash Brazill from Collingwood, sadly she is out injured at the moment, but to represent Australia in netball and then be able to cross over and dominate in the AFLW is amazing.

Locally I love watching those players who just take the game on... I don't want to name one or two, I'll only get myself in trouble.

Of the other sports you have played, what would you say were the key differences playing footy in the GSFLW?

I think the physicality of footy is unrivalled by other sports I have played. The fact that you can be taken down hard while running at your top speed definitely takes some getting used to.

On a positive note though, I think the team culture and mateship of footy would be hard to beat.

Do you have anything you'd like to say to the rest of the girls tackling the 2021 season?

Good luck! Keep playing your heart out and enjoy what's left of the season ♥
